Eighth Annual Energy Symposium - May 7, 2013

The annual energy symposia by the Rutgers Energy Institute provide faculty, students, staff, government officials, and community members with the opportunity to learn about the new methods, processes, and initiatives being developed by energy thinkers at Rutgers, in New Jersey, and across the country. The symposium will also include awards to the winners of this year's student Energy Innovation contest, sponsored by the Rutgers Energy Institute, to develop the best plans to reduce student energy consumption and promote eco-friendly practices throughout the Rutgers, New Brunswick Campus.

- Date: Tuesday, May 7, 2013

- Time: 8:45 am (registration and refreshments) - 2:00 pm

- Location: Fiber Optics Auditorium , Busch Campus, Rutgers University

SPEAKERS: Steven Chu (former Secretary U.S. Department of Energy), Al Darzins (Research & Development Director, Gas Technology Institute), Steve Corneli (Senior Vice President, Sustainability, Policy and Strategy, NRG Energy, Inc.), Thomas Dietz (Professor of Sociology and Environmental Science and Policy, Assistant Vice President for Environmental Research, Michigan State University), and Cynthia Warner (Chairman and CEO, Sapphire Energy Inc.)
